Subject: Thank you

July 5, 2019

Dear Manny,

We are so happy that we chose you to put in our hardwood floors! You and your crew were very professional listening to our needs and respecting our home. If we had a question or concern you addressed it immediately going above and beyond in some cases to ensure that we were happy along the way. Your attention to detail was much appreciated. It was an absolute pleasure to work with you from the very beginning to the very end. Our floors are gorgeous, the staircase you polished looks new and the extra attention you gave our dining room left us speechless! Your passion for your work shines in the finished product. Thank you, thank you for installing our beautiful hardwood floors!!!

With Sincere Appreciation,

Karen and Frank Dundek
