

Hi Manny,

Attached are the photos of the wonderful job you did at my house .. The floors you redid in the main part of the house turned out great and the new floor you did in the bedroom was awesome. I get so many compliments on the floors.. Also thank you for taking the time to make sure you got the correct color for me. I really appreciated the hard work and how you went above and beyond to make sure everything was just perfect. I will recommend you to anyone I know needing hardwood floors.

Thank you again
