Manny
Hardwood Floors by Manny

Dear Manny:

I LOVE MY FLOORS!!

I just wanted to thank you for the fantastic job you did refinishing my kitchen, dining room and hall floors. I have dogs – and thinking we would have to be out of our home for several days, the cost, the mess, etc. all caused me to continue to put off refinishing my floors.

To have this all done in one day and being able to sleep in my own bed that night was wonderful! There was NO mess, NO odor – just beautiful floors. The finish with the water-based sealant is gorgeous... I never imagined the floors would look that good. Now I can even move some furniture around since I no longer have to 'hide' discolorations in the wood. The downside – I am now repainting the walls because with the floors looking so good, it's making the walls look bad.

Thank you so much,

Dawn M. Gonda
