Dear Manny,

Thank you for all you have done at our home. Our floors you refinished are beautiful. We have had so many compliments on the work you have done. We really appreciate the time you took to explain everything and to make sure we were satisfied. It was so nice to have a contractor working in our home that took care of it as if it was his own. We have highly recommended you to our family and friends for the exceptional quality of your work.

Thank you,

George Doria
