Manteno, IL 60950

Re: Flooring by M & M, Inc.

To Whom it May Concern:

It is with great enthusiasm that I write this letter of recommendation for "Manny" Navarro of Flooring by M & M, Inc. My wife and I have had the pleasure of having Manny lay hardwood floors for our newly constructed house. Manny was responsible for laying oak floors in the living room and dining room, as well as in the foyer and a large open space den.

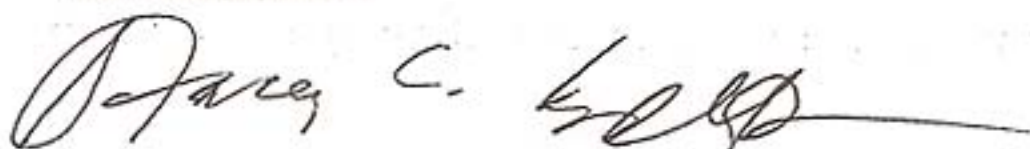

At the start of the relationship with Manny, he presented a well-crafted pitch of his services, and a wonderful assortment of prior jobs to give us an idea of his work product. He also was very knowledgeable about various types of wood flooring and offered us customized floor designs for our fireplace and foyer area.

Once we contracted with Manny, we were able to give him an idea of the type of design we wanted and he was extremely helpful in directing us in how to achieve the desired effect. Manny was consistently timely in arriving to begin the job every day and kept a very neat and orderly worksite. As an extremely respectful and personable professional, Manny was delightful to work with.

Finally, the finished product was more than we expected. We were amazed at how beautiful the floor and the stain looked. It opened up the entire room.

I can highly recommend Flooring by M & M, Inc. and Manny Navarro to anyone for home remodeling projects.

Very truly yours,

Stacey C. Bolton
