Re: Flooring by Manny, Inc.

To: Whom It May Concern:

Hardwood Floors by Manny refinished our oak floor in the family room. We were so impressed by the job done that we scheduled wood floor installation of the kitchen, powder room, living room, dining room, and master bedroom. With the recent installation of the last three bedrooms, Manny and his crew have now completed flooring of our entire home.

Manny's knowledge of wood types, stain colors, wood designs, his thorough explanation of the anticipated end result, coupled with his obvious pleasure in his chosen profession and pleasing personal nature are immeasurable. His professionalism including pricing as originally quoted, promptness, worksite cleanliness, and his attention to detail have made him a pleasure to work with.

Manny incorporated wood designs in three of our floors and the compliments of our friends and neighbors speak highly of the superb quality of Manny's workmanship. Our total satisfaction with our beautiful floors will prompt us to continue to recommend Manny Navarro to anyone desiring refinishing, design and installation of hardwood floors.

Sincerely,

Angie & Ron Loving
