Dear Manny,

Wow! Our floors look fantastic. You did a great job on our new oak floors and to say we are thrilled with the walnut inlay work you did would be an understatement. We couldn't be happier. The pride you take in your work is very obvious. Please don't hesitate to have anyone call us for a recommendation. It looks so good we don't want to cover it up with furniture. Thank you for the quick job, being there when you said you would be, and for the extremely high quality work. We will be passing your name out.

Thanks Again,

Greg Wolf
